## Създаване на андроид приложение

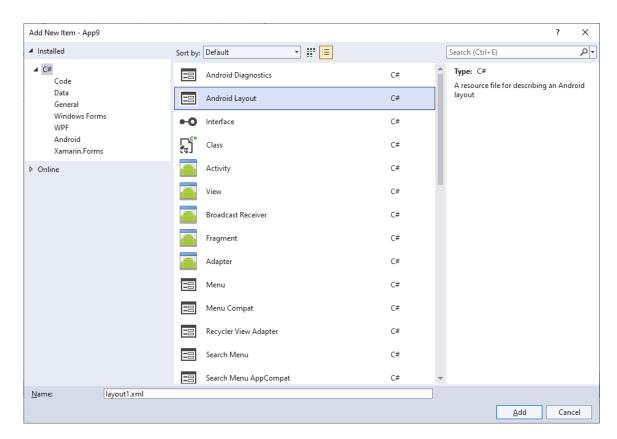

Фиг. 1. Избор на нов проект Android App (Xamarin).

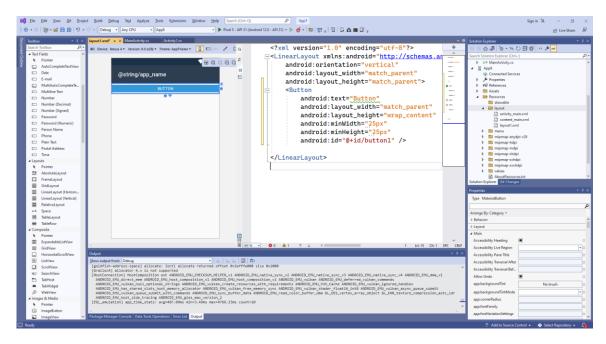

Фиг. 2. Създаване на проект с име Арр9.

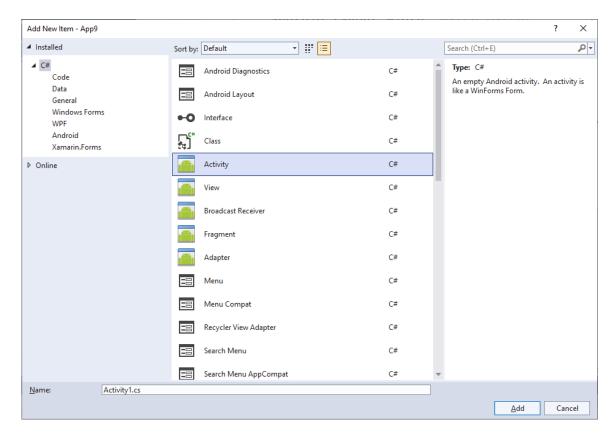

Фиг. 3. Избор на шаблон Single View App.

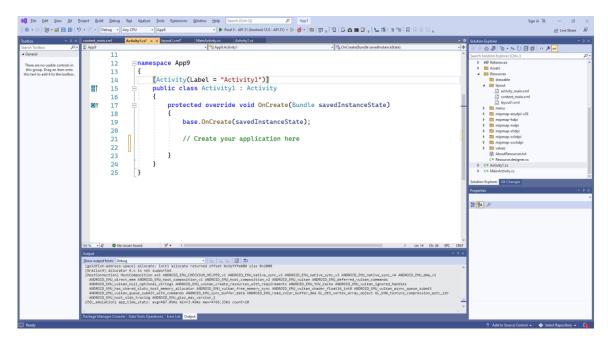

Фиг. 4. Добавяне на ново layout1.

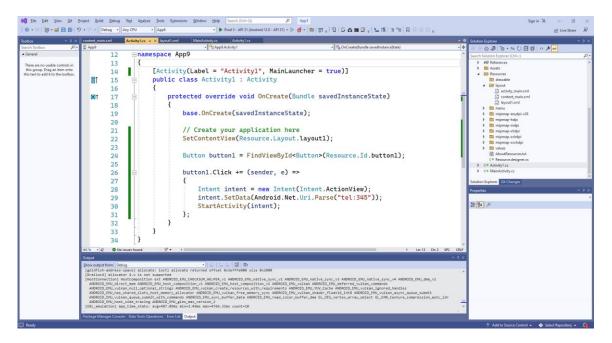

Фиг. 5. Добавяне на нов button1.

Фиг. 6. Добавяне на ново Activity1.

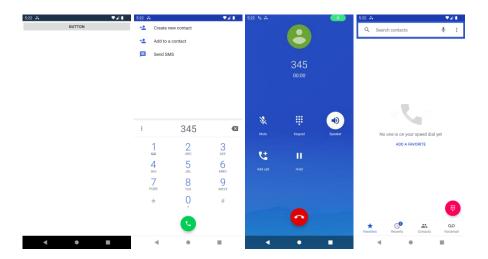

Фиг. 7. Activity1 **преди** добавяне на кода.

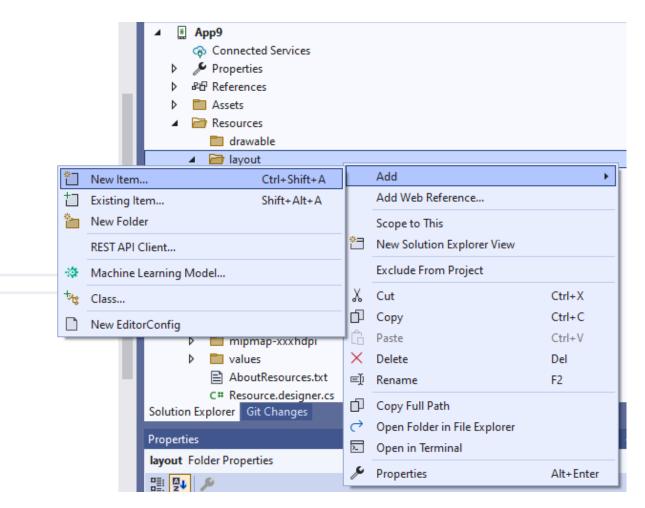

Фиг. 8. Activity1 **след** добавяне на кода.

MainLauncher = false на MainActivity

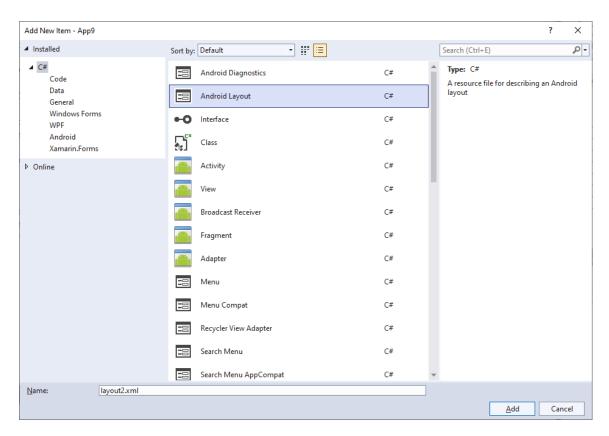

Фиг. 9. MainActivity да не е основно Activity.

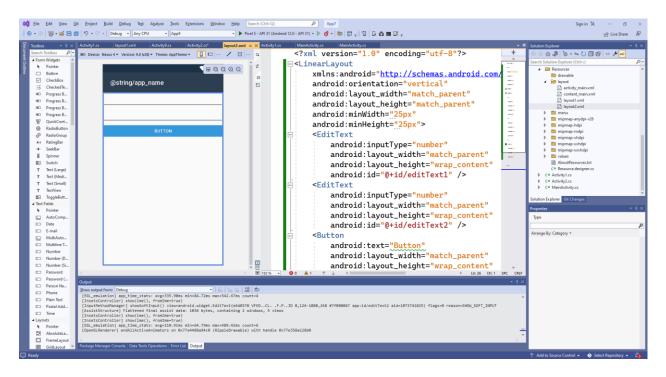

Фиг. 10 Резултат от изпълнението на приложението.

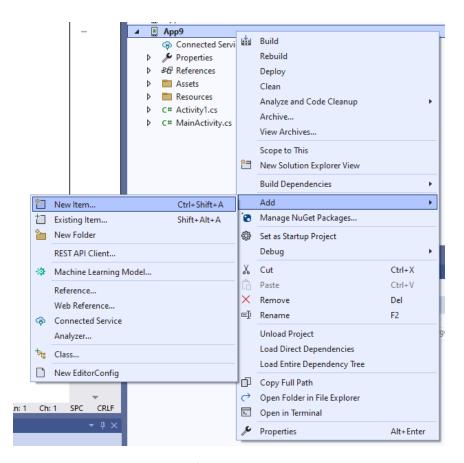

Фиг. 11. .....

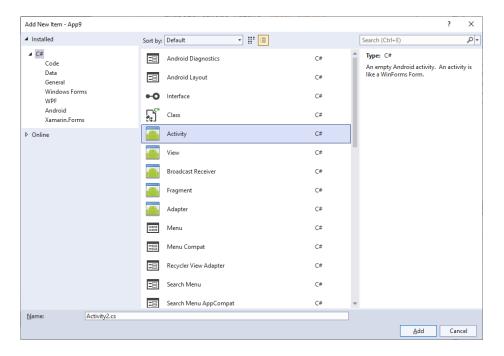

Фиг. 12. Добавяне на ново layout2.

Фиг. 13. Layout2 с добавени компоненти.

Фиг. 14. Добавяне на ново Activity.

Фиг. 15. Добавяне на ново Activity2.
